

If you find yourself using a lot of "elseif"s like this

```
<?php
if ($a > $b) {
    echo "a is bigger than b";
} elseif ($a == $b) {
    echo "a is equal to b";
} elseif (...) {
    echo "...";
} elseif (...) {
    echo "...";
} elseif (...) {
    echo "";
} elseif (...) {
    echo "";
} else {
    echo "a is smaller than b";
}
?>
```
